The lucky few surveyors who've experienced this Clermont BYO heap praise on "super" chef and co-owner Karen Nelson's "outstanding", "interesting" and "amazingly consistent" New American food; enthusiasts add that "everything else is wonderful" too, from the "warm and personable" service, "lovely" atmosphere and even husband/maitre d' Rei Prabhakar's "tantalizing" descriptions of his wife's creations; indeed, "summer isn't complete without a visit here."
